Effect of slip at conduit wall on tilt at 250 m
A
No Slip
Friction Law
Magma Chamber Overpressure (MPa)
Velocity at base of conduit (m/s)
$U_{av} = 0.1$ m/s
B
Depth (m)
Velocity at wall (m/s)
C
Excess Pressure (MPa)
D
Shear Stress (MPa)
E
Tilt at 250 m (μrad)
